Global Gathering of Dental Industry

IDEX Istanbul 2024, one of the most prestigious events in the dental sector, has been successfully completed. The fair brought together sector professionals, manufacturers, suppliers, and innovative technologies from around the world, capturing the pulse of the industry. The event showcased the latest technologies in oral and dental health, including digital dentistry, implantology, orthodontics, and surgical devices. Visitors had the opportunity to closely examine the latest developments and trends in the sector.

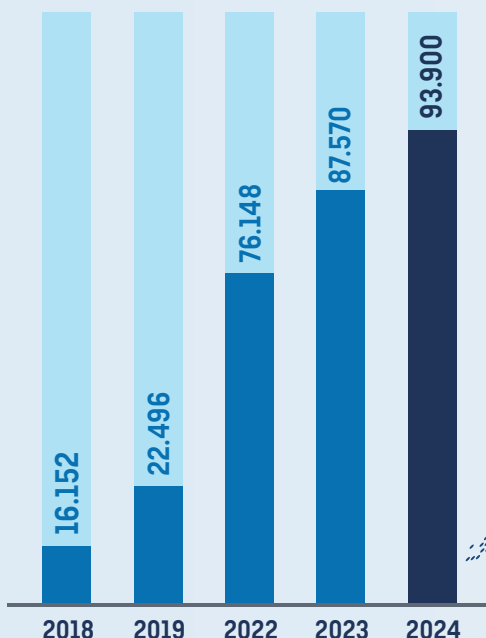

During its four-day run, IDEX Istanbul attracted a large number of visitors. The business meetings and agreements conducted at the event are indicative of significant collaborations that will shape the future of the sector.
